Good Faith Estimate

You have the right to receive a “Good Faith Estimate” explaining how much medical and mental health care will cost. Under the law, health care providers need to give clients who don’t have insurance or who are not using insurance an estimate of the expected charges for medical services (including psychotherapy and related mental health services).

You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency healthcare services (including psychotherapy and related mental health services).

You can ask your health care provider, and any other provider you choose, for a Good Faith Estimate before you schedule a service.

If you receive a bill that is at least \$400.00 or more than your Good Faith Estimate, you can dispute the bill. Make sure to save a copy of your Good Faith Estimate.

- Family/Couples Psychotherapy (50 Minutes): \$160.00
